The twentieth century paper, that prints all the news that's fit to print.

The paper **you** and **your family** ought to read.

The paper you ought to patronize. Because it is for Denver and Colorado all the time and is absolutely independent and fearless.

As careful about accepting advertising copy as it is about printing the news. "If you see it in the Times" it's true.

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First—The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second—To provide PROTECTION to the public against FRAUDULENT ADVERTISING SCHEMES WHICH OPERATE UNDER THE NAME OF DIRECTORIES, and to drive unprincipled promoters of the same out of the business.

Third—To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth—For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100 Reward**

Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake directory.

### SUPERINTENDENTS

GENTLEMEN:

In reply to your request, I will gladly say a word in testimony of the efficient service rendered to this county by your Agency.

During the past four years we have applied to the Hazard Teachers' Agency for teachers and have always received fair treatment. The teachers furnished by this Agency have given good satisfaction. The methods of this Agency are straightforward and businesslike.

### SCHOOL BOARDS

GENTLEMEN:

We are very much pleased with your work in supplying teachers and especially with the teachers that you send out under your guarantee. In every case we have found the teachers to be first-class and have no fault to find with them.

We are also very much pleased with your promptness in supplying vacancies with first-class teachers on short notice. You really might change your name to the "Reliable Teachers' Agency." I assure you that we appreciate your efforts in our behalf in the past.

### TEACHERS

DEAR SIR:

Allow me to say that the Hazard Teachers' Agency is so good that I do not see how an improvement could be suggested. Your work for me has been so efficient, businesslike and prompt that I am highly pleased with it. I gladly recommend the Hazard Agency; I belong to two others, but while they are good, this one is the best.

# THE Denver Crematory

LOCATED AT

## RIVERSIDE CEMETERY

Office 302-303 Quincy Building  
1010 Seventeenth Street

DENVER, COLORADO

CREMATORY RETORTS

**THE MOST MODERN CREMATORY IN THE UNITED STATES**

Time of incineration forty-five minutes. Casket cremated with the body. Charge for cremation of adult, \$50.00. Telegraph or write to the Secretary for arrangements.

**BOOK ON CREMATION ON REQUEST**

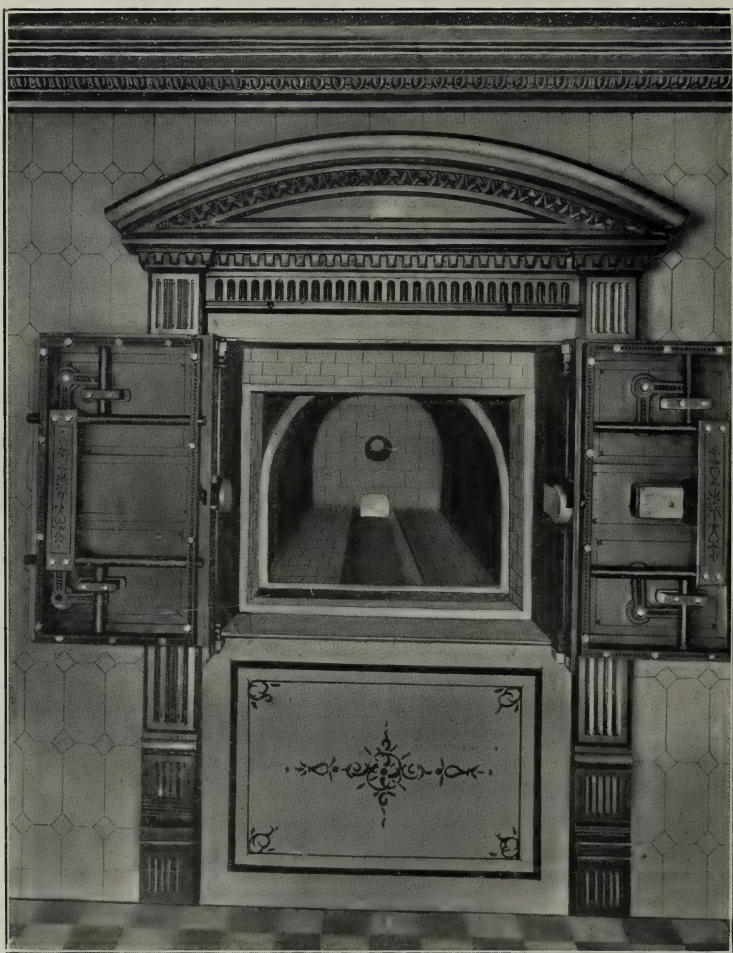

(over)

CREMATION offers a reverent and offenseless method for the disposition of our dead.

It is consistent with the tenderest sentiments of human love, with the requirements of science, the teachings of religion and with the highest culture and wisdom of the times.

Cremation brings comfort to the living; by cremation the body can escape the corruption of the grave, which subject brings to our minds visions most horrible—enlivened bacteria, worms and vermin bringing the body back to the surface, back to the vegetation to which it belongs, for in nature's storehouse nothing is lost. Decomposition, decay and fire are all one; the only difference is the speed with which the combustion goes on. "Ashes to ashes" is nature's law—these words are not lightly spoken.

Interior View of the Denver Crematory Retort, Riverside Cemetery.

*We have two retorts and cremations are made daily. Erected in 1904. Total cremations to date (May 1, 1911) 620. This method of disposition of the dead is rapidly gaining in favor.*
